

FISS STATEMENT OF FAITH

We believe

In the Trinity which is God the Father, God the Son and God the Holy Spirit. Three equal and separate persons relating in love and constituting One God.

We believe that through this Divine love God created the world and sustains all things thereby moment by moment.

That all humans were made in the image of God to reflect God's nature. Children especially reflect the very nature of the Kingdom of God.

That humans suffer from a separation or a disconnection from themselves, one another, creation and God. This is manifest by acts, thoughts and attitudes which are inconsistent with love and respect for others, creation, and God and are also, while self-oriented, are paradoxically self-destructive.

That out of loving concern God came down to earth in the person of Jesus Christ, born into this world.

That Jesus Christ perfectly demonstrated the loving nature of God in both His life and His death.

That the love demonstrated through the death of Christ has redemptive, restorative power.

That this power was confirmed in the resurrection of Jesus Christ from the dead and continually affirmed in that Jesus Christ continues to sit at God's right hand "ever living to make intercession for us."

That the restoration of humankind is freely available and accessible to each and all now, regardless of any reasons that could arise asserting or implying otherwise.

That this restoration is implemented by God the Holy Spirit who actualises that which has been revealed and made potential from the Father through the Son.

That those who know this transformative power should make every effort, through prayer, thought, action and word to demonstrate the love of God through Jesus Christ in all they do and say.
